

MINNESOTA DFL RESOLUTION FORM

(Submit one resolution per form and one subject per resolution)

The State DFL Ongoing Platform embodies the principles of the Minnesota Democratic-Farmer-Labor Party. The State DFL Action Agenda is a set of recommended public policy positions which the party supports and will promote during the next two years. This form must be completely filled out for a resolution to be considered.

Individuals at their precinct caucuses can submit resolutions. When a majority of the caucus adopts a resolution, it advances to the Organizing Unit convention for consideration to send to the State Platform, Issues, and Legislative Affairs Committee. Resolutions having support from at least five Organizing Units drawn from at least two Congressional Districts may be selected for consideration at the State Convention (for inclusion in the DFL Ongoing Platform or Action Agenda).

RESOLUTION TITLE *Carbon Dividend Act*

BE IT RESOLVED THAT: *(Please print or attach your resolution here. Be concise and use everyday language.)*

Support federal legislation such as the Energy Innovation and Carbon Dividend Act that puts a steadily rising fee on carbon dioxide and returns the revenue generated to households through monthly dividends to offset the increased cost of energy while dramatically reducing emissions, and preserving a livable climate.

You may add a brief explanation or your two or three strongest supportive points here.

- Putting a price on carbon will make the polluters pay and drive the economy to cleaner, renewable sources. Economists agree this is the most effective way to dramatically reduce emissions while protecting low and middle income families.
- The Energy Innovation and Carbon Dividend Act or similar legislation will reduce emissions 90% below 2016 levels by 2050, create good paying jobs, cleaner air, and stimulate the economy.
- To protect U.S. manufacturers and jobs, imported goods will be assessed a border carbon adjustment, and goods exported from the United States will receive a refund.
- A recent study by Columbia University Economists found that the EICDA will reduce emissions 36-38% by 2030, improve air quality, and be good for working families as average low and middle income families will receive a larger dividend than they pay in increased energy-related fees.
